Carbon Neutral Certificate

This document certifies that

demonstrates CO₂ neutral deliveries for all its parcels.

Period:

Number of parcels

kgCO₂e compensated

Since 2012, DPDgroup has been raising industry standards by making every parcel we deliver carbon neutral at no extra cost to our customers. We do this by measuring, reducing our CO₂ emissions, and then voluntarily compensating our remaining emissions by investing in high quality carbon offsets. DPDgroup's carbon offsetting activity is voluntary, not tax-exempt and we do not have equity investments in the projects we support. Moreover, all our carbon offsetting projects are certified by the rigorous Verified Carbon Standard (VCS).
